

Hampton Township School District Goals 2010-2011 School Year

1. Challenge all students to achieve at high levels

- *Continue to develop the Rigor, Relevance, Relationship Framework throughout the District*
- *Implement RtI at the Middle School/evaluate instructional practices in honors courses at Middle School*
- *Continue to expand, refine and improve the Bullying Prevention Program K-8—include discussions of diversity and tolerance*
- *Maintain expectation that all teachers will effectively make use of Differentiated Instruction, Co-teaching and RtI (k-8)*
- *Redesign elementary report cards in order to provide better information for parents*
- *Expand and improve the summer school program*

2. Refine the differentiated supervision and evaluation model.

- *Continue to provide professional development for administrators regarding supervision and evaluation*
- *Modify the differentiated supervision model*
- *Implement regular best practice sharing*
- *Coordinate peer observations*

3. Develop a five-year technology plan

- *Continue working with the Technology and Professional Development Committees to maintain a strong emphasis on the educational benefit of technological resources*
- *Research and evaluate on-line learning and electronic resources that will enhance and/or replace textbooks*
- *Continue to refine and update multi-year plan as technology and District needs evolve*

4. Continue the comprehensive plan for facilities improvement, maintenance, and utilization

- *Complete the renovation of the Central Elementary HVAC system*
- *Develop recommendations/plan for the renovations of surrounding the high school (baseball/softball field, totem pole lot and parking lot fields)*
- *Continue to develop a comprehensive field utilization plan with the Township*
- *Continue to improve grounds, landscaping and signage throughout the district*
- *Work with the consultant to evaluate the results of the demographic study and continue discussions regarding elementary enrollment*
- *Complete the hillside remediation from Topnick to the field house e.g., ground cover*

5. Improve communication across the District and with the community

- *Develop and promote positive relationships between and among all members of the school district community— investigate and foster more diverse opportunities for community interactions and service*
- *Maintain a level of awareness and a process for branding the District*
- *Continue to increase Hampton's exposure in local media sources*
