OLD BUSINESS

There is no report this evening.

NEW BUSINESS

Opening of 2022-2023 School Year Transportation Review

Mr. Kline reported that the transportation opening has gone well. The main challenges this year are more bus riders as Covid concerns decrease and the new bus drivers who are learning the routes. The bus times for the new HS start time implemented last year were easy to achieve due to lower than normal ridership. Therefore, the times worked well last year, but are in some cases a struggle for this year. Several bus adjustments were made last week and more are being made this week.
