

Hampton Township School District
District Office
4591 School Drive
Allison Park, PA 15101

The Hampton Township School District is offering an optional district issued device insurance program. Through this process, families **must** enroll the student device at this website (www.one2onerisk.com) and select to either **accept** or **decline** the insurance option prior to the issuance of the student device. **The window to register a device and either accept or decline insurance is 8/1/2019 to 8/15/2019.**

- The insurance premium will be \$25 for first student in family, \$20 for second student in family, and \$15 for third student, with a family cap of \$60, per policy period with specified deductible(s).
- If parents/guardian(s) choose to decline insurance, they will be held financially responsible for all damages, services, or replacement of the device regardless if the damage occurs in or out of school.
- Parents/guardian(s) may not be able to substitute homeowners or other personal insurance for District-procured device insurance. It is advised parents/guardian(s) review homeowners or other personal insurance policies for further clarification.
- The District will waive the insurance premium and specified deductibles for families who participate in the Free and Reduced Lunch Program.
- Students who enroll/withdraw during the school year may be eligible for pro-rated insurance premiums.

To Accept Device Insurance (www.one2onerisk.com)

The device insurance premium (\$25) and/or specified deductible payment(s) must be paid directly to the claims administrator (via the link above).

Families are highly encouraged to purchase the insurance via credit card. Electronic payments are secure and accepted online for convenience.

If you desire to pay by check or cash, you must purchase an “insurance cash card” at your school. Checks are the preferred method of payment for this option. All checks should be made payable to the “Hampton Township School District” and include the student’s ID number (example: 123456) in the memo field of the check to ensure that your payment is correctly recorded. If paying for multiple students, please provide one check per child and include student ID in the memo field. The Hampton Township School District building secretary will provide you with an “insurance cash card” with a pre-paid code that will need to be entered onto the insurance company’s website.

To Decline Device Insurance (www.one2onerisk.com)

Should a family select to **decline** insurance, they must electronically select “**I Elect Not to Participate**” after enrolling the device on the website. Otherwise, you **will not** receive your device until that action is completed.

Insurance & Coverage Terms
