

Hampton Township School District Recognized as Common Sense District

May, 2020...Common Sense, the national nonprofit organization dedicated to helping kids and families thrive in a world of media and technology, has recognized Hampton Township School District as a Common Sense District.

The District has demonstrated its commitment to taking a whole-community approach to preparing its students to think critically and use technology responsibly to learn, create, and participate, while preparing them for the perils that exist in the online realm, such as plagiarism, loss of privacy, and cyberbullying.

"We applaud the faculty and staff of Hampton Township School District for embracing digital citizenship as an important part of their students' education," said Liz Kline, vice president of education programs at Common Sense Education. "Hampton deserves high praise for giving its students the foundational skills they need to compete and succeed in the 21st-century workplace and participate ethically in society at large."

About Common Sense Education

Common Sense Education supports K–12 schools with free, timely, and research-based resources for teaching in the digital age. We believe that learning digital life skills is essential for students to thrive in today's world and that all students should have access to learning these skills. That's why we make our digital citizenship resources available for free, ready for any educator to plug in to tomorrow's lesson plan. Our core resources include a comprehensive K–12 Digital Citizenship Curriculum, all-inclusive reviews of the most popular and latest edtech tools, and expert advice on how to use those tools most effectively in the classroom. Over half a million educators in nearly half of K–12 U.S. schools use our resources to teach kids digital life skills. We're excited to keep that number growing so all of our kids can thrive in the digital age.

Common Sense is the leading independent nonprofit organization dedicated to helping kids thrive in a world of media and technology. Every day, Common Sense supports parents, teachers, and policymakers with unbiased information, innovative tools, and trusted advice to support kids' digital well-being.
